1 I. BACKGROUND

2 A. The United States of America ("United States"), on behalf of the
3 Administrator of the United States Environmental Protection Agency ("EPA"),
4 filed a complaint in this matter pursuant to Sections 106, 107, and 113(g)(2) of the
5 Comprehensive Environmental Response, Compensation, and Liability Act
6 ("CERCLA"), 42 U.S.C. §§ 9606, 9607 and 9613(g)(2); and Section 7003 of the
7 Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. § 6973. The State
8 of California on behalf of the State Department of Toxic Substances Control
9 ("DTSC"), joined the complaint in this matter with respect to the claims under
10 Section 107 and 113(g)(2) of CERCLA, 42 U.S.C. §§ 9607 and 9613(g)(2).
11

12 B. The complaint seeks, *inter alia*: (1) reimbursement of costs incurred
13 by EPA, the Department of Justice, and DTSC for response actions at the Puente
14 Valley Operable Unit of the San Gabriel Valley Superfund Site, Area 4, in Los
15 Angeles County, California, as more fully defined in Section IV below (the
16 "Site"), together with accrued interest; and (2) performance of response work by
17 defendants at the Site consistent with the National Contingency Plan, 40 C.F.R.
18 Part 300 (as amended) ("NCP").
19

20 C. In accordance with Section 122(j)(1) of CERCLA, 42 U.S.C. §
21 9622(j)(1), on September 28, 2000 EPA notified the federal and state natural
22 resource trustees (National Oceanic & Atmospheric Administration - U.S.
23 Department of Interior, and California Department of Fish and Game,
24
25
26
27
28

1 respectively) of negotiations with potentially responsible parties regarding the
2 release of hazardous substances that may have resulted in injury to the natural
3 resources under Federal and State trusteeship and encouraged the trustees to
4 participate in the negotiations.
5

6 D. Settling Defendants (as defined below) do not admit any liability
7 arising out of the transactions or occurrences alleged in the complaint, nor do they
8 acknowledge that a release or threatened release of hazardous substances at or
9 from the Site constitutes an imminent or substantial endangerment to the public
10 health or welfare or the environment.
11

12 E. Pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA placed
13 the Site on the National Priorities List, set forth at 40 C.F.R. Part 300, Appendix
14 B, by publication in the Federal Register on October 15, 1984, 49 Fed. Reg.
15 19480.
16

17 F. In response to a release, or a substantial threat of a release of
18 hazardous substances at or from the Site, a group of potentially responsible parties
19 commenced in September 1993, a Remedial Investigation and Feasibility Study
20 ("RI/FS") for the Site pursuant to 40 C.F.R. § 300.430. EPA took over the
21 Feasibility Study in December 1996.
22

23 G. The group completed the Remedial Investigation Report in May 1997
24 and EPA completed the Feasibility Study Report in May 1997.
25

26 H. Pursuant to Section 117 of CERCLA, 42 U.S.C. § 9617, EPA
27
28

1 published notice of the completion of the FS and of the proposed plan for remedial
2 action on January 28, 1998, in a major local newspaper of general circulation.

3 EPA provided an opportunity for written and oral comments from the public on
4 the proposed plan for remedial action. A copy of the transcript of the public
5 meeting is available to the public as part of the administrative record upon which
6 the Regional Administrator based the selection of the response action.
7

8
9 I. The decision by EPA on the remedial action to be implemented at the
10 Site is embodied in a Interim Record of Decision ("Interim ROD"), executed on
11 September 30, 1998, to which DTSC has given its concurrence. The Interim ROD
12 includes summaries of EPA's response to public comments. Notice of the final
13 plan was published in accordance with Section 117(b) of CERCLA, 42 U.S.C. §
14 9617(b).
15
16

17 J. On September 28, 2000, EPA issued Special Notice letters to 56
18 persons or companies it had identified as potentially responsible parties at the Site,
19 including Performing Settling Defendant's predecessor, TRW Inc., requesting that
20 the named potentially responsible parties submit a collective "good faith offer" to
21 perform the selected remedial action at the Site and to reimburse EPA for its past
22 costs in the amount of fifteen million one hundred ninety five thousand sixty-two
23 dollars and ninety cents (\$15,195,062.90). In anticipation of EPA's Special Notice
24 letters, Performing Settling Defendant had attempted to organize the potentially
25 responsible parties at the Site into a cooperative group that would be able to make
26
27
28

1 a good faith offer. Ultimately, approximately two dozen potentially responsible
2 parties reached agreement with Performing Settling Defendant to participate in a
3 collective good faith offer to EPA.
4

5 K. On December 4, 2000, Performing Settling Defendant responded to
6 EPA's Special Notice letter in its own name and in the names of the approximately
7 two dozen other named potentially responsible parties, with a collective good faith
8 offer. Because the group of parties led by Performing Settling Defendant did not
9 include many of the named potentially responsible parties at the Site, the good
10 faith offer was to perform a portion of the remedial action and to pay a portion of
11 EPA's past costs. Following several rounds of negotiations, in early 2001
12 Performing Settling Defendant agreed to perform the intermediate zone
13 component of the remedial action; certain other potentially responsible parties
14 agreed to contribute financially to the costs of the intermediate zone work; and
15 certain other potentially responsible parties agreed to pay EPA ten million dollars
16 (\$10 million) in past costs.
17
18
19
20

21 L. Pursuant to the agreement set forth in Paragraph K. above,
22 Performing Settling Defendant promptly began work to design the intermediate
23 zone remedial action. With EPA's concurrence, it was decided that the potentially
24 responsible parties paying EPA ten million dollars (\$10 million) in past costs
25 would negotiate a separate consent decree. That consent decree, *United States v.*
26 *Acorn Engineering Company et al.*, Civil Action No. 03-5470-ABC (FMOx)(C.D.
27
28

1 Cal.), was lodged with this court on July 31, 2003, and entered by the court on
2 September 8, 2005.

3
4 M. On March 21, 2002, EPA issued Unilateral Administrative Order No.
5 2002-06 ("Order") to Performing Settling Defendant formally directing the
6 company to perform the intermediate zone remedial action. On March 29, 2002,
7 Performing Settling Defendant confirmed in writing that it would continue to
8 implement the intermediate zone remedial action in compliance with the Order, in
9 its own name and in the names of numerous other potentially responsible parties
10 that had reached settlements to contribute financially to the performance of the

9 Waste Material to an out-of-state waste management facility, provide written
10 notification to the appropriate state environmental official in the receiving
11 facility's state and to the EPA Project Coordinator and to DTSC's Project Manager
12 of such shipment of Waste Material. However, this notification requirement shall
13 not apply to any off-Site shipments when the total volume of all such shipments
14 will not exceed 10 cubic yards.
15
16
17

18 (1) Performing Settling Defendant shall include in the
19 written notification the following information, where available: (i) the name and
20 location of the facility to which the Waste Material is to be shipped; (ii) the type
21 and quantity of the Waste Material to be shipped; (iii) the expected schedule for
22 the shipment of the Waste Material; and (iv) the method of transportation.
23 Performing Settling Defendant shall notify the state in which the planned
24 receiving facility is located of major changes in the shipment plan, such as a
25 decision to ship the Waste Material to another facility within the same state, or to a
26
27
28

1 facility in another state.

2 (2) The identity of the receiving facility and state will be
3
4 determined by Performing Settling Defendant following the award of the contract
5 for Remedial Action construction.

6 Performing Settling Defendant shall provide the information required by
7
8 this Subparagraph as soon as practicable after the award of the contract and before
9 the Waste Material is actually shipped.

10 i) Before shipping any hazardous substances,
11
12 pollutants, or contaminants to an off-Site receiving facility, Performing Settling
13 Defendant shall obtain EPA's certification that the proposed receiving facility is
14 operating in compliance with the requirements of CERCLA Section 121(d)(3) and
15 40 C.F.R. § 300.440. Performing Settling Defendant shall only send hazardous
16
17 substances, pollutants, or contaminants to an off-Site receiving facility that
18
19 complies with the requirements of the statutory provision and regulations cited in
20 the preceding sentence.

21 VII. REMEDY REVIEW

22 16. Periodic Review. Until such time as EPA issues a Certification of
23
24 Completion of the Remedial Action pursuant to Paragraph 50, Performing Settling
25 Defendant shall conduct studies and investigations, consistent with EPA's June
26 2001 "Comprehensive Five-Year Review Guidance," OSWER No. 9355.7-03B-P,
27
28 as modified or amended by any subsequent guidance, as determined by EPA to be

1 necessary for EPA to conduct reviews of whether the Remedial Action is
2 protective of human health and the environment, at least every five (5) years after
3 commencement of the Remedial Action, as required by Section 121(c) of
4 CERCLA, 42 U.S.C. § 9621(c), and any applicable regulations.

6 17. EPA Selection of Further Response Actions. If EPA determines, after
7 consultation with DTSC, at any time, that the Remedial Action is not protective of
8 human health and the environment, EPA may select further response actions for
9 the Site in accordance with the requirements of CERCLA and the NCP (including
10 any state notice and participation requirements contained therein).

13 18. Opportunity To Comment. Settling Defendants, and, if required by
14 Sections 113(k)(2) or 117 of CERCLA, the public, will be provided with an
15 opportunity to comment on any further response actions proposed by EPA as a
16 result of the review conducted pursuant to Section 121(c) of CERCLA and to
17 submit written comments for the record during the comment period.

20 VIII. QUALITY ASSURANCE, SAMPLING, AND DATA ANALYSIS

21 19. Performing Settling Defendant shall use quality assurance, quality
22 control, and chain of custody procedures for all treatability, design, compliance
23 and monitoring samples in accordance with "EPA Requirements for Quality
24 Assurance Project Plans (QA/R5)" (EPA/240/B-01/003, March 2001) "Guidance
25 for Quality Assurance Project Plans (QA/G-5)" (EPA/600/R-98/018, February
26 1998), and subsequent amendments to such guidelines upon notification by EPA
27
28

1 to Performing Settling Defendant of such amendment. Amended guidelines shall
2 apply only to procedures conducted after such notification. Prior to the
3
4 commencement of any monitoring project under this Consent Decree, Performing
5 Settling Defendant shall submit to EPA for approval, after a reasonable
6
7 opportunity for review and comment by DTSC, a Quality Assurance Project Plan
8 ("QAPP") that is consistent with the SOW, the NCP and applicable guidance
9 documents. If relevant to the proceeding, the Parties agree that validated sampling
10 data generated in accordance with the QAPP(s) and reviewed and approved by
11
12 EPA shall be admissible as evidence, without objection, in any proceeding under
13 this Consent Decree. Performing Settling Defendant shall ensure that EPA and
14
15 DTSC personnel and their authorized representatives are allowed access at
16
17 reasonable times to all laboratories utilized by Performing Settling Defendant in
18
19 implementing this Consent Decree. In addition, Performing Settling Defendant
20 shall ensure that such laboratories shall analyze all samples submitted by EPA
21 pursuant to the QAPP for quality assurance monitoring. Performing Settling
22 Defendant shall ensure that the laboratories it utilizes for the analysis of samples
23 taken pursuant to this Consent Decree perform all analyses according to accepted
24
25 EPA methods. Accepted EPA methods consist of those methods which are
26 documented in the "Contract Lab Program Statement of Work for Inorganic
27 Analysis" and the "Contract Lab Program Statement of Work for Organic
28 Analysis," dated February 1988, and any amendments made thereto during the

1 course of the implementation of this Consent Decree; however, upon approval by
2 EPA, after opportunity for review and comment by DTSC, Performing Settling
3 Defendant may use other analytical methods which are as stringent as or more
4 stringent than the CLP-approved methods. Performing Settling Defendant shall
5 ensure that all laboratories it uses for analysis of samples taken pursuant to this
6 Consent Decree participate in an EPA or EPA-equivalent QA/QC program.
7
8 Performing Settling Defendant shall only use laboratories that have a documented
9 Quality System which complies with ANSI/ASQC E4-1994, "Specifications and
10 Guidelines for Quality Systems for Environmental Data Collection and
11 Environmental Technology Programs," (American National Standard, January 5,
12 1995), and "EPA Requirements for Quality Management Plans (QA/R-2),"
13 (EPA/240/B-01/002, March 2001) or equivalent documentation as determined by
14 EPA. EPA may consider laboratories accredited under the National
15 Environmental Laboratory Accreditation Program ("NELAP") as meeting the
16 Quality System requirements. Performing Settling Defendant shall ensure that all
17 field methodologies utilized in collecting samples for subsequent analysis
18 pursuant to this Decree will be conducted in accordance with the procedures set
19 forth in the QAPP approved by EPA.
20
21
22
23
24

25 20. Upon request, Performing Settling Defendant shall allow split or
26 duplicate samples to be taken by EPA and DTSC or their authorized
27 representatives. Performing Settling Defendant shall notify EPA and DTSC not
28

1 less than twenty-eight (28) Days in advance of any sample collection activity
2 unless shorter notice is agreed to by EPA. In addition, EPA and DTSC shall have
3 the right to take any additional samples that EPA or DTSC deem necessary. Upon
4 request, EPA and DTSC shall allow Performing Settling Defendant to take split or
5 duplicate samples of any samples they take as part of the Plaintiffs' oversight of
6 Performing Settling Defendant's implementation of the Work. EPA will provide
7 Performing Settling Defendant copies of validated split sampling results.

10 21. Performing Settling Defendant shall submit to EPA and DTSC the
11 results of all sampling and/or tests or other data obtained or generated by or on
12 behalf of Performing Settling Defendant on or after lodging of the Consent Decree
13 with respect to the Site and/or the implementation of this Consent Decree, unless
14 EPA agrees otherwise. Performing Settling Defendant shall also provide one copy
15 of such results to any party performing work at the Site at the direction of EPA
16 who is obligated or directed to provide substantially the same reports to
17 Performing Settling Defendant, unless EPA agrees otherwise.

21 22. Notwithstanding any provision of this Consent Decree, the United
22 States and DTSC hereby retain all of their information gathering and inspection
23 authorities and rights, including enforcement actions related thereto, under
24 CERCLA, RCRA and any other applicable statutes or regulations.

26 IX. ACCESS AND INSTITUTIONAL CONTROLS

27 23. If access or land or water use restrictions are needed to implement
28

1 response actions at the Site on any Identified Property, each Owner Settling
2 Defendant as to its Identified Property shall:

3
4 a. Provide: (i) the United States; (ii) DTSC; (iii) Performing
5 Settling Defendant; and (iv) persons performing response actions under EPA's
6 direction, together with their respective representatives and contractors, with
7 access at all reasonable times to the Identified Property, for the purpose of
8 conducting any activity related to the Site including, but not limited to, the
9 following activities:

- 10 (1) Monitoring the Work;
- 11 (2) Verifying any data or information submitted to the
12 United States or DTSC;
- 13 (3) Conducting investigations relating to contamination at or
14 near the Site;
- 15 (4) Obtaining samples;
- 16 (5) Assessing the need for planning or implementing
17 additional response actions at or near the Site;
- 18 (6) Assessing implementation of quality assurance and
19 quality control practices as defined in the approved Quality Assurance Project
20 Plans;
- 21 (7) Implementing the Work including implementation
22 pursuant to conditions set forth in Paragraph 89 of this Consent Decree;
- 23
24
25
26
27
28

1 (8) Inspecting and copying records, operating logs,
2 contracts, or other documents maintained or generated by Settling Defendants or
3 their agents, consistent with Section XXIV (Access to Information);
4

5 (9) Assessing Performing Settling Defendant's compliance
6 with this Consent Decree; and
7

8 (10) To the extent not otherwise authorized pursuant to (1)
9 through (9) above, (a) installing, maintaining and sampling monitoring wells and
10 conducting activities related to the installation, maintenance and sampling of such
11 wells; (b) installing and maintaining pipelines and conducting activities related to
12 the installation and maintenance of such pipelines; and (c) conducting source
13 remediation.
14

15 b. An Owner Settling Defendant's obligations under this
16 Paragraph 23, as to an Identified Property, shall terminate when such Owner
17 Settling Defendant no longer has an interest in the Identified Property or when
18 EPA issues a notice of completion for the final remedy for the Site, whichever
19 occurs first.
20

21 24. For any property where access and/or land/water use restrictions are
22 needed to implement this Consent Decree, Performing Settling Defendant shall use
23 best efforts to secure from such persons with respect to such property:
24

25 a. an agreement to provide access thereto for the following
26 entities and for their respective representatives and contractors: (i) the United
27
28

1 States; including EPA; (ii) DTSC; (iii) Performing Settling Defendant; and (iv)
2 persons performing response actions under EPA's direction, all for the purpose of
3 conducting any activity related to any response action at the Site, including, but
4 not limited to, those activities listed in Paragraph 23.a of this Consent Decree;
5

6 b. an agreement, enforceable by Performing Settling Defendant
7 and the United States, to refrain from using such other property, in any manner
8 that would interfere with or adversely affect the implementation, integrity, or
9 protectiveness of remedial measures taken at the Site; and
10

11 c. the execution and recordation in the Recorder's Office of Los
12 Angeles County, State of California, of an easement, running with the land, that:
13 (i) grants a right of access for the purpose of conducting any activity related to the
14 Site including, but not limited to, all treatment facilities, pipelines, and wells used
15 to implement the Work as well as those activities listed in Paragraph 23.a of this
16 Consent Decree, and (ii) grants the right to enforce the land/water use restrictions
17 listed in Paragraph 23.b of this Consent Decree, or other restrictions that EPA
18 determines are necessary to implement, ensure non-interference with, or ensure the
19 protectiveness of remedial measures taken at the Site. The access rights and/or
20 rights to enforce land/water use restrictions shall be granted to one or more of the
21 following entities and to their respective representatives and contractors, as
22 determined by EPA after a reasonable opportunity for review and comment by
23 DTSC: (i) the United States, including EPA; (ii) DTSC; (iii) Performing Settling
24
25
26
27
28

1 Defendant; (iv) persons performing response actions under EPA's direction; and/or
2 (v) other appropriate grantees, as determined by EPA. Within forty-five (45) Days
3 of approval of the final Remedial Design, Performing Settling Defendant shall
4 submit to EPA for review and approval with respect to such property:
5

6 (1) A draft easement, in substantially the form attached
7 hereto as Appendix E, that is enforceable under the laws of the State of California,
8 and
9

10 (2) A current title insurance commitment, or some other
11 evidence of title acceptable to EPA, which shows title to the land described in the
12 easement to be free and clear of all prior liens and encumbrances that could impact
13 the implementation of the Work (except when those liens or encumbrances are
14 approved by EPA or when, despite best efforts, Performing Settling Defendant is
15 unable to obtain release or subordination of such prior liens or encumbrances).
16
17

18
19 Within fifteen (15) Days of EPA's approval and acceptance of the easement and
20 the title evidence, Performing Settling Defendant shall update the title search and,
21 if it is determined that nothing has occurred since the effective date of the
22 commitment to affect the title adversely, the easement shall be recorded with the
23 Recorder's Office of Los Angeles County. Within thirty (30) Days of the
24 recording of the easement, Performing Settling Defendant shall provide EPA with
25 a final title insurance policy, or other final evidence of title acceptable to EPA, and
26
27
28

1 if applicable DTSC, and a certified copy of the original recorded easement
2 showing the clerk's recording stamps, with copies of such documents to DTSC. If
3 an easement is to be conveyed to the United States, the easement and title evidence
4 (including final title evidence) shall be prepared in accordance with the U.S.
5 Department of Justice Title Standards 2001, and approval of the sufficiency of title
6 must be obtained as required by 40 U.S.C. § 255. Nothing in this Paragraph
7 commits or requires DTSC to accept an interest in real property for which it must
8 record a certificate of acceptance pursuant to California Government Code Section
9 27281.
10
11
12

13 25. After a reasonable opportunity for review and comment by DTSC,
14 EPA may determine, in its unreviewable discretion, that the requirements of
15 Paragraph 24 are not necessary because an existing administrative order,
16 agreement or consent decree provides adequate access to address future response
17 actions anticipated at the Site.
18
19

20 26. For purposes of Paragraph 24 of this Consent Decree, "best efforts"
21 includes the payment of reasonable sums of money in consideration of access,
22 access easements, land or water use restrictions, restrictive easements, or an
23 agreement to release or subordinate a prior lien or encumbrance. If: (a) any
24 access or land or water use restriction agreements required by Paragraphs 24.a or
25 24.b of this Consent Decree are not obtained within forty-five (45) Days of the
26 date of approval of the final Remedial Design; (b) any access easements or
27
28

1 restrictive easements required by Paragraph 24.c of this Consent Decree are not
2 submitted to EPA in draft form within forty-five (45) Days of the Effective Date of
3 this Consent Decree or approval of the final Remedial Design, whichever is later;
4 or (c) Performing Settling Defendant is unable to obtain an agreement required
5 pursuant to Paragraph 24.c from the holder of a prior lien or encumbrance to
6 release or subordinate such lien or encumbrance to the easement being created
7 pursuant to this Consent Decree within forty-five (45) Days of the Effective Date
8 of this Consent Decree or approval of the final Remedial Design, whichever is
9 later, Performing Settling Defendant shall promptly notify the United States in
10 writing, and shall include in that notification a summary of the steps that
11 Performing Settling Defendant has taken to attempt to comply with Paragraph 24
12 of this Consent Decree. The United States or DTSC may, as they deem
13 appropriate, assist Performing Settling Defendant in obtaining access or
14 land/water use restrictions, either in the form of contractual agreements or in the
15 form of easements running with the land, or in obtaining the release or
16 subordination of a prior lien or encumbrance. Performing Settling Defendant shall
17 reimburse the United States or DTSC in accordance with the procedures in Section
18 XVI (Payments for Response Costs), for all costs incurred, direct or indirect, by
19 the United States or DTSC in obtaining such access, land/water use restrictions,
20 and/or the release/subordination of prior liens or encumbrances including, but not
21 limited to, the cost of attorney time and the amount of monetary consideration paid
22
23
24
25
26
27
28

1 or just compensation.

2 27. If EPA determines that land or water use restrictions in the form of
3 state or local laws, regulations, ordinances or other governmental controls are
4 needed to implement the Remedial Action, or ensure non-interference therewith,
5 Performing Settling Defendant shall cooperate with EPA's and DTSC's efforts to
6 secure such governmental controls.
7

8 28. Notwithstanding any provision of this Consent Decree, the United
9 States and DTSC retain all of their access authorities and rights, as well as all of
10 their rights to require land or water use restrictions, including enforcement
11 authorities related thereto, under CERCLA, RCRA and any other applicable
12 statute or regulations.
13
14

15 X. REPORTING REQUIREMENTS

16 29. In addition to any other requirement of this Consent Decree,
17 Performing Settling Defendant shall submit to EPA, DTSC, and any party
18 performing work at the Site at the direction of EPA, written bi-monthly progress
19 reports that: (a) describe the actions which have been taken toward achieving
20 compliance with this Consent Decree during the previous two months; (b) include
21 a summary of all results of sampling and tests and all other data received or
22 generated by Performing Settling Defendant or its contractors or agents in the
23 previous two months; (c) identify all work plans, plans and other deliverables
24 required by this Consent Decree completed and submitted during the previous two
25
26
27
28

1 months; (d) describe all actions, including, but not limited to, data collection and
2 implementation of work plans, which are scheduled for the next six weeks and
3 provide other information relating to the progress of construction, including but
4 not limited to critical path diagrams, Gantt charts and Pert charts; (e) include
5 information regarding the percentage of completion, unresolved delays
6 encountered or anticipated that may affect the future schedule for implementation
7 of the Work, and a description of efforts made to mitigate those delays or
8 anticipated delays; (f) include any modifications to the work plans or other
9 schedules that Performing Settling Defendant has proposed to EPA or that have
10 been approved by EPA; and (g) describe all activities undertaken in support of the
11 Community Relations Plan during the previous two months and those to be
12 undertaken in the next six weeks. Performing Settling Defendant shall submit
13 these progress reports to EPA, DTSC and any party performing work at the Site at
14 the direction of EPA, by the tenth (10th) Day of every second month following the
15 lodging of this Consent Decree until EPA approves the Final Construction
16 Inspection Report. If requested by EPA or DTSC, Performing Settling Defendant
17 shall also provide briefings for EPA and DTSC to discuss the progress of the
18 Work. After EPA approves the Final Construction Inspection Report, Performing
19 Settling Defendant shall submit Quarterly Compliance Monitoring Reports and
20 Annual Performance Evaluation Reports pursuant to the SOW. Performing
21 Settling Defendant shall provide one copy of the bi-monthly progress reports and

1 one copy of the Quarterly Compliance Monitoring Reports and the Annual
2 Performance Evaluation Reports to any party performing work at the Site under
3 the direction of EPA who is obligated or directed to provide substantially the same
4 reports to Performing Settling Defendant.
5

6 30. Performing Settling Defendant shall notify EPA and DTSC of any
7 significant change in the schedule described in the bi-monthly progress reports,
8 Quarterly Compliance Monitoring Reports and Annual Performance Evaluation
9 Reports for the performance of any activity, including, but not limited to, data
10 collection and implementation of work plans, no later than seven (7) Days prior to
11 the performance of the activity.
12
13

14 31. Upon the occurrence of any event during performance of the Work
15 that Performing Settling Defendant is required to report pursuant to Section 103
16 of CERCLA, 42 U.S.C. § 9603, or Section 304 of the Emergency Planning and
17 Community Right-to-Know Act ("EPCRA"), 42 U.S.C. § 11004, Performing
18 Settling Defendant shall within twenty-four (24) hours of the onset of such event
19 orally notify the EPA Project Coordinator or the Alternate EPA Project
20 Coordinator (in the event of the unavailability of the EPA Project Coordinator), or,
21 in the event that neither the EPA Project Coordinator or Alternate EPA Project
22 Coordinator is available, the Emergency Response Section, Region 9, United
23 States Environmental Protection Agency. Immediately following notice to EPA,
24 the Performing Settling Defendant shall orally notify the DTSC Project Manager.
25
26
27
28

1 These reporting requirements are in addition to the reporting required by Section
2 103 of CERCLA or Section 304 of EPCRA.

3
4 32. Within twenty (20) Days of the onset of such an event, Performing
5 Settling Defendant shall furnish to Plaintiffs a written report, signed by the
6 Performing Settling Defendant's Project Coordinator, setting forth the events
7 which occurred and the measures taken, and to be taken, in response thereto.

8
9 Within thirty (30) Days of the conclusion of such an event, Performing Settling
10 Defendant shall submit a report to EPA and DTSC setting forth all actions taken in
11 response thereto.
12

13 33. Performing Settling Defendant shall submit four (4) copies of all
14 plans, reports, and data required by the SOW, the RD/RA Work Plan, or any other
15 approved plans to EPA in accordance with the schedules set forth in such plans.
16 Performing Settling Defendant shall simultaneously submit three (3) copies of all
17 such plans, reports and data to DTSC. Performing Settling Defendant shall also
18 submit in electronic form (e.g., on compact disc) all portions of any report or other
19 deliverable Performing Settling Defendant is required to submit pursuant to the
20 provisions of this Consent Decree.
21
22

23
24 34. All reports and other documents submitted by Performing Settling
25 Defendant to EPA and DTSC (other than the bi-monthly progress reports referred
26 to above) which purport to document Performing Settling Defendant's compliance
27 with the terms of this Consent Decree shall be signed by an authorized
28

1 representative of Performing Settling Defendant.

2 XI. EPA APPROVAL OF PLANS AND OTHER SUBMISSIONS

3
4 35. After review of any plan, report or other item that is required to be
5 submitted for approval pursuant to this Consent Decree, EPA, after reasonable
6 opportunity for review and comment by DTSC, shall: (a) approve, in whole or in
7 part, the submission; (b) approve the submission upon specified conditions; (c)
8 modify the submission to cure the deficiencies; (d) disapprove, in whole or in part,
9 the submission, directing that the Performing Settling Defendant modify the
10 submission; or (e) any combination of the above. However, EPA shall not modify
11 a submission without first providing Performing Settling Defendant at least one
12 (1) notice of deficiency and an opportunity to cure within twenty-one (21) Days or
13 such longer period as EPA determines to be reasonable, except where to do so
14 would cause serious disruption to the Work or where a previous submission or
15 submissions have been disapproved due to material defects, and the deficiencies in
16 the submission or submissions under consideration are due to a bad faith lack of
17 effort to submit an acceptable deliverable.

18
19 36. In the event of approval, approval upon conditions, or modification
20 by EPA, pursuant to Paragraph 35(a), (b), or (c), Performing Settling Defendant
21 shall proceed to take any action required by the plan, report, or other item as
22 approved or modified by EPA, subject only to its right to invoke dispute resolution
23 procedures set forth in Section XIX (Dispute Resolution) with respect to the
24
25
26
27
28

1 modifications or conditions made by EPA. In the event that EPA modifies the
2 submission to cure deficiencies pursuant to Paragraph 35(c) and the submission
3 had a material defect, EPA retains its right to seek Stipulated Penalties, as
4 provided in Section XX (Stipulated Penalties).

6 37. Resubmission of Plans.

7
8 a. Upon receipt of a notice of disapproval pursuant to Paragraph
9 35(d), Performing Settling Defendant shall, within twenty-one (21) Days or such
10 longer time as specified by EPA in such notice, correct the deficiencies and
11 resubmit the plan, report, or other item for approval, with copies to DTSC. Any
12 Stipulated Penalties applicable to the submission, as provided in Section XX
13 (Stipulated Penalties), shall accrue during the 21-day period or otherwise specified
14 period but shall not be payable unless the resubmission is disapproved or modified
15 due to a material defect as provided in Paragraphs 38 and 39.

16
17
18 b. Notwithstanding the receipt of a notice of disapproval pursuant
19 to Paragraph 35(d), Performing Settling Defendant shall proceed, at the direction
20 of EPA, to take any action required by any non-deficient portion of the
21 submission. Implementation of any non-deficient portion of a submission shall
22 not relieve Performing Settling Defendant of any liability for Stipulated Penalties
23 under Section XX (Stipulated Penalties).

24
25
26 38. In the event that a resubmitted plan, report, or other item, or portion
27 thereof, is disapproved by EPA, EPA may again require Performing Settling
28

1 Defendant to correct the deficiencies, in accordance with the preceding
2 Paragraphs. EPA also retains the right to modify or develop the plan, report, or
3 other item. Performing Settling Defendant shall implement any such plan, report,
4 or item as modified or developed by EPA, subject only to their right to invoke the
5 procedures set forth in Section XIX (Dispute Resolution).
6

7
8 39. If upon resubmission, a plan, report, or item is disapproved or
9 modified by EPA due to a material defect, Performing Settling Defendant shall be
10 deemed to have failed to submit such plan, report, or item timely and adequately,
11 unless Performing Settling Defendant invokes the dispute resolution procedures
12 set forth in Section XIX (Dispute Resolution), and EPA's action is overturned
13 pursuant to that Section. The provisions of Section XIX (Dispute Resolution) and
14 Section XX (Stipulated Penalties) shall govern the implementation of the Work
15 and accrual and payment of any Stipulated Penalties during Dispute Resolution. If
16 EPA's disapproval or modification is upheld, Stipulated Penalties shall accrue for
17 such violation from the date on which the initial submission was originally
18 required, as provided in Section XX (Stipulated Penalties).
19
20
21

22 40. All plans, reports, and other items required to be submitted to EPA
23 under this Consent Decree shall simultaneously be submitted to DTSC. Upon
24 approval or modification by EPA, all such plans, reports, and other items shall be
25 enforceable under this Consent Decree. In the event EPA approves or modifies a
26 portion of a plan, report, or other item required to be submitted to EPA under this
27
28

1 Consent Decree, the approved or modified portion shall be enforceable under this
2 Consent Decree.

3 4 XII. PROJECT COORDINATORS

5 41. Within twenty (20) Days of lodging this Consent Decree, Performing
6 Settling Defendant, EPA and DTSC will notify each other, in writing, of the name,
7 address and telephone number of their respective designated Project Coordinators
8 and Alternate Project Coordinators. If a Project Coordinator or Alternate Project
9 Coordinator initially designated is changed, the identity of the successor will be
10 given to the other Parties at least five (5) Working Days before the changes occur,
11 unless impracticable, but in no event later than the actual day the change is made.
12 Performing Settling Defendant's Project Coordinator shall be subject to
13 disapproval by EPA and shall have the technical expertise sufficient to adequately
14 oversee all aspects of the Work. Performing Settling Defendant's Project
15 Coordinator shall not be an attorney for the Performing Settling Defendant in this
16 matter. He or she may assign other representatives, including other contractors, to
17 serve as a Site representative for oversight of performance of daily operations
18 during remedial activities.

19 42. Plaintiffs may designate other representatives, including, but not
20 limited to, EPA and DTSC employees, and federal and state contractors and
21 consultants, to observe and monitor the progress of the Work undertaken pursuant
22 to this Consent Decree. EPA's Project Coordinator and Alternate Project

24
25
26
27
28

1 Coordinator shall have the authority lawfully vested in a Remedial Project
2 Manager ("RPM") and an On-Scene Coordinator ("OSC") by the National
3 Contingency Plan, 40 C.F.R. Part 300. In addition, EPA's Project Coordinator or
4 Alternate Project Coordinator shall have authority, consistent with the National
5 Contingency Plan, to halt any Work required by this Consent Decree and to take
6 any necessary response action when s/he determines that conditions at the Site
7 constitute an emergency situation or may present an immediate threat to public
8 health or welfare or the environment due to release or threatened release of Waste
9 Material.
10
11
12

13 43. EPA's Project Coordinator and Performing Settling Defendant's
14 Project Coordinator will meet in person or confer telephonically on a monthly
15 basis unless EPA determines that less frequent meetings or conferences are
16 required. Performing Settling Defendant shall give advance notice to DTSC, and
17 upon DTSC's request, DTSC may participate in such meetings and conferences.
18
19

20 XIII. ASSURANCE OF ABILITY TO COMPLETE WORK

21 44. Within thirty (30) Days of entry of this Consent Decree, Performing
22 Settling Defendant shall establish and maintain financial security in the amount of
23 twenty-one million dollars (\$21 million) in one or more of the following forms:
24

- 25 a. A surety bond guaranteeing performance of the Work;
- 26 b. One or more irrevocable letters of credit equaling twenty-one
27 million dollars (\$21 million);
28

1 c. A trust fund;

2 d. A guarantee to perform the Work by one or more parent
3 corporations or subsidiaries, or by one or more unrelated corporations that have a
4 substantial business relationship with Performing Settling Defendant;
5

6 e. A demonstration that Performing Settling Defendant satisfies
7 the requirements of 40 C.F.R. Part 264.143(f). For purposes of this Paragraph,
8 references in 40 C.F.R Part 264.143(f) to the "sum of current closure and
9 post-closure costs estimates and the current plugging and abandonment costs
10 estimates" shall mean the amount of financial security specified above; or
11

12 f. An insurance policy in form and substance satisfactory to EPA.
13

14 45. If Performing Settling Defendant seeks to demonstrate the ability to
15 complete the Work through a guarantee by a third party pursuant to Paragraph
16 44.d of this Consent Decree, Performing Settling Defendant shall demonstrate that
17 the guarantor satisfies the requirements of 40 C.F.R. Part 264.143(f). If
18 Performing Settling Defendant seeks to demonstrate its ability to complete the
19 Work by means of the corporate guarantee or the financial test pursuant to
20 Paragraphs 44.d or 44.e, respectively, it shall resubmit sworn statements
21 conveying the information required by 40 C.F.R. Part 264.143(f) annually, on the
22 first (1st) day of April in each year after Performing Settling Defendant establishes
23 such guarantee. In the event that EPA, after a reasonable opportunity for review
24 and comment by the DTSC, determines at any time that the financial assurances
25
26
27
28

1 provided pursuant to this Section are inadequate, Performing Settling Defendant
2 shall, within thirty (30) Days of receipt of notice of EPA's determination, obtain
3 and present to EPA for approval one of the other forms of financial assurance
4 listed in Paragraph 44 of this Consent Decree. Performing Settling Defendant's
5 inability to demonstrate financial ability to complete the Work shall not excuse
6 performance of any activities required under this Consent Decree.
7
8

9 46. If Performing Settling Defendant can show that the estimated cost to
10 complete the remaining Work has diminished below the amount set forth in
11 Paragraph 44 above after entry of this Consent Decree, Performing Settling
12 Defendant may, on the first (1st) day of April in each year after Performing
13 Settling Defendant establishes financial security pursuant to Paragraph 44 of this
14 Consent Decree, or at any other time agreed to by EPA after discussion with
15 DTSC, reduce the amount of the financial security provided under this Section to
16 the estimated cost of the remaining Work to be performed. Performing Settling
17 Defendant shall submit a proposal for such reduction to EPA with a copy to
18 DTSC, in accordance with the requirements of this Section, and may reduce the
19 amount of the security upon approval by EPA after a reasonable opportunity for
20 review and comment by DTSC. In the event of a dispute under Section XIX
21 (Dispute Resolution), Performing Settling Defendant may reduce the amount of
22 the security in accordance with the final administrative or judicial decision
23 resolving the dispute.
24
25
26
27
28

1 47. Performing Settling Defendant may change the form of financial
2 assurance provided under this Section at any time, upon notice to EPA and DTSC
3 and approval by EPA, provided that the new form of assurance meets the
4 requirements of this Section. In the event of a dispute under Section XIX (Dispute
5 Resolution), Performing Settling Defendant may change the form of the financial
6 assurance only in accordance with the final administrative or judicial decision
7 resolving the dispute.
8

9
10 48. Performing Settling Defendant's obligation to establish and maintain
11 financial security under this Section shall terminate upon EPA's issuance of a
12 Certification of Completion of the Remedial Action pursuant to Paragraph 50.b of
13 this Consent Decree.
14

15 XIV. CERTIFICATION OF COMPLETION

16 49. "Operational and Functional."

17 a. Within thirty (30) Days after Performing Settling Defendant
18 concludes that the Remedial Action is Operational and Functional, Performing
19 Settling Defendant shall schedule and conduct a pre-certification inspection to be
20 attended by Performing Settling Defendant, EPA and DTSC. If, after the
21 pre-certification inspection, Performing Settling Defendant still believes that the
22 Remedial Action is Operational and Functional, it shall submit a written report
23 requesting certification to EPA for approval, with a copy to DTSC, pursuant to
24 Section XI (EPA Approval of Plans and Other Submissions) within thirty (30)
25
26
27
28

1 Days of the inspection. In the report, a registered professional engineer and the
2 Performing Settling Defendant's Project Coordinator shall state that the Remedial
3 Action is Operational and Functional. The written report shall include as-built
4 drawings signed and stamped by a professional engineer. The report shall contain
5 the following statement, signed by a responsible corporate official of the
6 Performing Settling Defendant or the Performing Settling Defendant's Project
7 Coordinator:
8
9

10 To the best of my knowledge, after thorough investigation, I certify
11 that the information contained in or accompanying this submission is
12 true, accurate and complete. I am aware that there are significant
13 penalties for submitting false information, including the possibility of
14 fine and imprisonment for knowing violations.

15 If, after completion of the pre-certification inspection and receipt and review of
16 the written report, EPA, after reasonable opportunity to review and comment by
17 DTSC, determines that the Remedial Action is not Operational and Functional,
18 EPA will notify Performing Settling Defendant in writing of the activities that
19 must be undertaken by Performing Settling Defendant pursuant to this Consent
20 Decree in order for the Remedial Action to be Operational and Functional. EPA
21 will set forth in the notice a schedule for performance of such activities consistent
22 with the Consent Decree and the SOW or require the Performing Settling
23 Defendant to submit a schedule to EPA for approval pursuant to Section XI (EPA
24 Approval of Plans and Other Submissions). Performing Settling Defendant shall
25 perform all activities described in the notice in accordance with the specifications
26
27
28

1 and schedules established pursuant to this Paragraph, subject to its right to invoke
2 the dispute resolution procedures set forth in Section XIX (Dispute Resolution).

3
4 b. EPA has determined that the intermediate zone Remedial
5 Action to be performed by Performing Settling Defendant must be coordinated
6 with the shallow zone remedy being performed by Carrier Corporation and United
7 Technologies Corporation pursuant to a consent decree entered on April 28, 2006
8 in the matter of *United States v. Carrier Corporation*, Civil Action No. 05-6022
9 ABC (FMOx)(C.D. Cal.)(*"Carrier Decree"*), and that such coordination may
10 require that the Operational and Functional date for the intermediate zone
11 Remedial Action be no earlier than the operational and functional date for the
12 shallow zone remedy. Therefore, notwithstanding Performing Settling
13 Defendant's satisfaction of the requirements in Paragraph 49.a, EPA reserves the
14 right to defer the Operational and Functional certification of the Remedial Action
15 until the date the shallow zone remedy is certified as operational and functional
16 pursuant to the Carrier Decree.

17
18 c. If EPA concludes, based on the initial or any subsequent report
19 requesting certification, and after a reasonable opportunity for review and
20 comment by DTSC, that the Remedial Action is Operational and Functional, EPA
21 will so certify in writing to Performing Settling Defendant. However, if the
22 shallow zone remedy is not operational and functional at the time of this
23 certification, the Operational and Functional Date shall be the date EPA certifies

1 the shallow zone remedy to be operational and functional pursuant to the Carrier
2 Decree, unless EPA agrees to an earlier Operational and Functional Date.

3
4 d. If EPA fails to certify that the Remedial Action is Operational
5 and Functional within ninety (90) Days after a request, EPA shall be deemed to
6 have denied the request, unless Performing Settling Defendant agrees to an
7 extension of time. Performing Settling Defendant may, at any time thereafter,
8 invoke Dispute Resolution pursuant to Section XIX (Dispute Resolution) to
9 contest EPA's denial of the certification request.
10

11
12 e. Except in the case of a delayed certification as provided in
13 Paragraph 49.c., upon approval of the certification report by EPA or pursuant to a
14 ruling by the Court, the Operational and Functional Date shall be the date when
15 the last report requesting certification of the Remedial Action was submitted.
16

17 f. The Operational and Functional Date shall not be affected in
18 the event EPA subsequently determines, pursuant to Paragraph 13, that
19 modification to the Work specified in the SOW or in work plans developed
20 pursuant to the SOW is necessary to achieve and maintain the Performance
21 Criteria or to meet discharge ARARs.
22

23
24 50. Certification of Completion.

25 a. No later than ninety (90) Days before, and no sooner than one
26 hundred twenty (120) Days prior to, the eight (8) year anniversary of the
27 Operational and Functional Date, and upon Performing Settling Defendant
28

1 concluding that the Remedial Action is still Operational and Functional,
2 Performing Settling Defendant shall schedule a pre-certification inspection to be
3 attended by Performing Settling Defendant, EPA, and DTSC. Performing Settling
4 Defendant shall submit a Facility Status Package to EPA and DTSC which shall
5 include, but not be limited to, all maintenance reports, performance reports,
6 sampling results, and all other deliverables updated as appropriate to reflect the
7 performance and condition of the containment system including all wells,
8 pipelines, and treatment facilities. If, after the pre-certification inspection,
9 Performing Settling Defendant still believes that the Remedial Action is
10 Operational and Functional, Performing Settling Defendant shall submit a written
11 report by a registered professional engineer, in accordance with the SOW, stating
12 that the Remedial Action is Operational and Functional. The report shall contain
13 the following statement, signed by a responsible corporate official of the
14 Performing Settling Defendant or by the Performing Settling Defendant's Project
15 Coordinator:

21 To the best of my knowledge, after thorough investigation, I certify
22 that the information contained in or accompanying this submission is
23 true, accurate and complete. I am aware that there are significant
24 penalties for submitting false information, including the possibility of
fine and imprisonment for knowing violations.

25 If, after review of the written report, EPA, after reasonable opportunity to review
26 and comment by DTSC, determines that repairs to the containment system are
27 needed, and/or additional documentation regarding access is needed, EPA will
28

1 notify Performing Settling Defendant in writing of the activities that must be
2 undertaken by Performing Settling Defendant to effect such repairs and/or to
3 provide the necessary documentation. EPA will set forth in the notice a schedule
4 for performance of such activities consistent with the Consent Decree and the
5 SOW or require Performing Settling Defendant to submit a schedule to EPA for
6 approval pursuant to Section XI (EPA Approval of Plans and Other Submissions).
7 Performing Settling Defendant shall perform all activities described in the notice
8 in accordance with the specifications and schedules established therein, subject to
9 their right to invoke the dispute resolution procedures set forth in Section XIX
10 (Dispute Resolution).
11

12
13 b. If EPA concludes, based on the initial or any subsequent
14 request for Certification of Completion by Performing Settling Defendant that the
15 Remedial Action is still Operational and Functional, EPA will so notify
16 Performing Settling Defendant in writing. This notification shall constitute the
17 Certification of Completion of the Remedial Action for purposes of this Consent
18 Decree, including, but not limited to, Section XXI (Covenants Not to Sue by
19 Plaintiffs). Performing Settling Defendant shall within thirty (30) days from
20 EPA's Certification of Completion of the Remedial Action send each Settling
21 Defendant written notice of such certification.
22
23
24
25

26 XV. EMERGENCY RESPONSE

27
28 51. In the event of any action or occurrence caused by or related to the

1 performance of the Work which causes or threatens a release of Waste Material
2 from the Site that constitutes an emergency situation or may present an immediate
3 threat to public health or welfare or the environment, Performing Settling
4 Defendant shall, subject to Paragraph 52, immediately take all appropriate action
5 to prevent, abate, or minimize such release or threat of release, and shall
6 immediately notify EPA's Project Coordinator, or, if the Project Coordinator is
7 unavailable, EPA's Alternate Project Coordinator. If neither of these persons is
8 available, Performing Settling Defendant shall notify the EPA Emergency
9 Response Unit, Region 9. Immediately following notice to EPA, Performing
10 Settling Defendant shall orally notify the DTSC Project Manager. Performing
11 Settling Defendant shall take such actions in consultation with EPA's Project
12 Coordinator or other available authorized EPA officer and in accordance with all
13 applicable provisions of the Health and Safety Plans, the Contingency Plans, and
14 any other applicable plans or documents developed pursuant to the SOW. In the
15 event that Performing Settling Defendant fails to take appropriate response action
16 as required by this Section, and EPA, or as appropriate DTSC, takes such action
17 instead, Performing Settling Defendant shall reimburse EPA and DTSC all costs
18 of the response action not inconsistent with the NCP pursuant to Section XVI
19 (Payments for Response Costs).

20
21
22
23
24
25
26 52. Nothing in the preceding Paragraph or in this Consent Decree shall be
27 deemed to limit any authority of the United States or DTSC: (i) to take all
28

1 appropriate action to protect human health and the environment or to prevent,
2 abate, respond to, or minimize an actual or threatened release of Waste Material
3 on, at, or from the Site, or (ii) to direct or order such action, or seek an order from
4 the Court, to protect human health and the environment or to prevent, abate,
5 respond to, or minimize an actual or threatened release of Waste Material on, at, or
6 from the Site, subject to Section XXI (Covenants Not to Sue by Plaintiffs).

9 Paragraph 54. If Performing Settling Defendant prevails concerning any aspect of

3 Costs or Future DTSC Response Costs required by Paragraph 54 are not made
4 within forty-five (45) Days of Performing Settling Defendant's receipt of the bill
5 requiring payment, and the payments are not contested pursuant to the procedure
6 set forth in Paragraph 55, Performing Settling Defendant shall pay Interest on the
7 unpaid balance. Future Response Costs and Future DTSC Response Costs Interest
8 shall begin to accrue on the date of the bill for those costs and shall accrue through
9 the date of payment. Payments of Interest made under this Paragraph shall be in
10 addition to such other remedies or sanctions available to Plaintiffs by virtue of a
11 failure to make timely payments under this Section, including but not limited to
12 payment of Stipulated Penalties pursuant to Paragraph 71. Performing Settling
13 Defendant shall make all payments required by this Paragraph in the manner

21 harmless the United States, DTSC, and their officials, agents, employees,

1 contractors, subcontractors, or representatives for or from any and all claims or
2 causes of action arising from, or on account of, negligent or other wrongful acts or
3 omissions of said Settling Defendant, its officers, directors, employees, agents,
4 contractors, subcontractors, and any persons acting on its behalf or under its
5 control, in carrying out activities of said Settling Defendant pursuant to this
6 Consent Decree, including, but not limited to, any claims arising from any
7 designation of Performing Settling Defendant as EPA's authorized representative
8 under Section 104(e) of CERCLA. Further, each Settling Defendant agrees to pay
9 the United States and DTSC all costs they incur including, but not limited to,
10 attorneys' fees and other expenses of litigation and settlement arising from, or on
11 account of, claims made against the United States or DTSC based on negligent or
12 other wrongful acts or omissions of said Settling Defendant, its officers, directors,
13 employees, agents, contractors, subcontractors, and any persons acting on its
14 behalf or under its control, in carrying out activities required of said Settling
15 Defendant pursuant to this Consent Decree. Neither the United States nor DTSC
16 shall be held out as a party to any contract entered into by or on behalf of
17 Performing Settling Defendant in carrying out activities pursuant to this Consent
18 Decree. Neither Performing Settling Defendant nor any such contractor of
19 Performing Settling Defendant shall be considered an agent of the United States or
20 DTSC. For purposes of this Paragraph, neither Performing Settling Defendant nor
21 any such contractor of Performing Settling Defendant shall be considered a person

1 acting on behalf of Contributing Settling Defendants.

2 b. The United States and/or DTSC shall give any Settling
3 Defendant notice of any claim for which the United States and/or DTSC plan to
4 seek indemnification pursuant to Paragraph 57, to the Settling Defendant from
5 which it plans to seek indemnity, and shall consult with said Settling Defendant
6 prior to settling such claim.
7

8
9 58. Performing Settling Defendant waives all claims against the United
10 States and DTSC for damages or reimbursement or for set-off of any payments
11 made or to be made to the United States or DTSC arising from or on account of
12 any contract, agreement, or arrangement between Performing Settling Defendant
13 and any person for performance of Work on or relating to the Site, including, but
14 not limited to, claims on account of construction delays. In addition, Performing
15 Settling Defendant shall indemnify and hold harmless the United States and DTSC
16 with respect to any and all claims for damages or reimbursement arising from or
17 on account of any contract, agreement, or arrangement between Performing
18 Settling Defendant and any person for performance of Work on or relating to the
19 Site, including, but not limited to, claims on account of construction delays.
20

21
22 59. No later than the Effective Date, Performing Settling Defendant shall
23 secure, and shall maintain comprehensive general liability insurance with limits of
24 five million dollars (\$5 million), combined single limit, and automobile liability
25 insurance with limits of two million dollars (\$2 million), combined single limit,
26
27
28

1 naming the United States and DTSC as additional insureds. In addition, for the
2 duration of this Consent Decree, Performing Settling Defendant shall satisfy, or
3 shall ensure that their contractors or subcontractors satisfy, all applicable laws and
4 regulations regarding the provision of worker's compensation insurance for all
5 persons performing the Work on behalf of Performing Settling Defendant in
6 furtherance of this Consent Decree. No later than the Effective Date of this
7 Consent Decree, Performing Settling Defendant shall provide to EPA and DTSC
8 certificates of such insurance and a copy of each insurance policy. Performing
9 Settling Defendant shall resubmit such certificates and copies of policies each year
10 on the anniversary of the Effective Date. If Performing Settling Defendant
11 demonstrates by evidence satisfactory to EPA that any contractor or subcontractor
12 maintains insurance equivalent to that described above, or insurance covering the
13 same risks but in a lesser amount, then, with respect to that contractor or
14 subcontractor, Performing Settling Defendant need provide only that portion of the
15 insurance described above which is not maintained by the contractor or
16 subcontractor.

22 XVIII. FORCE MAJEURE

23
24 60. "Force majeure," for purposes of this Consent Decree, is defined as
25 any event arising from causes beyond the control of a Settling Defendant, of any
26 entity controlled by a Settling Defendant, or of a Settling Defendants' contractors,
27 that delays or prevents the performance of any obligation under this Consent
28

1 Decree despite said Settling Defendant's best efforts to fulfill the obligation. The
2 requirement that a Settling Defendant exercise "best efforts to fulfill the
3 obligation" includes using best efforts to anticipate any potential force majeure
4 event and best efforts to address the effects of any potential force majeure event:
5 (1) as it is occurring, and (2) following the potential force majeure event, such that
6 the delay is minimized to the greatest extent possible. With respect to Performing
7 Settling Defendant, "Force Majeure" does not include financial inability to
8 complete the Work or a failure to attain the Performance Criteria.
9
10

11
12 61. If any event occurs or has occurred that may delay the performance
13 by a Settling Defendant of any obligation under this Consent Decree, whether or
14 not caused by a force majeure event, such Settling Defendant shall notify orally
15 EPA's Project Coordinator or, in his or her absence, EPA's Alternate Project
16 Coordinator or, in the event both of EPA's designated representatives are
17 unavailable, the Director of the Superfund Division, EPA Region 9, within
18 forty-eight (48) hours of when Settling Defendant first knew that the event might
19 cause a delay. Immediately following notice to EPA, such Settling Defendant
20 shall orally notify the DTSC Project Manager. Within fourteen (14) Days
21 thereafter, such Settling Defendant shall provide in writing to EPA and DTSC an
22 explanation and description of the reasons for the delay; the anticipated duration
23 of the delay; all actions taken or to be taken to prevent or minimize the delay; a
24 schedule for implementation of any measures to be taken to prevent or mitigate the
25
26
27
28

1 delay or the effect of the delay; such Settling Defendant's rationale for attributing
2 such delay to a force majeure event if it intends to assert such a claim; and a
3 statement as to whether, in the opinion of such Settling Defendant, such event may
4 cause or contribute to an endangerment to public health, welfare or the
5 environment. A Settling Defendant shall include with any notice all available
6 documentation supporting their claim that the delay was attributable to a force
7 majeure. Failure to comply with the above requirements shall preclude a Settling
8 Defendant from asserting any claim of force majeure for that event for the period
9 of time of such failure to comply, and for any additional delay caused by such
10 failure. Each Settling Defendant shall be deemed to know of any circumstance of
11 which it, any entity controlled by it, or its contractors knew or should have known.
12

13
14
15
16 62. If EPA, after a reasonable opportunity for review and comment by the
17 DTSC, agrees that the delay or anticipated delay is attributable to a force majeure
18 event, the time for performance of the obligations under this Consent Decree that
19 are affected by the force majeure event will be extended by EPA, after a
20 reasonable opportunity for review and comment by the DTSC, for such time as is
21 necessary to complete those obligations. An extension of the time for performance
22 of the obligations affected by the force majeure event shall not, of itself, extend
23 the time for performance of any other obligation. If EPA, after a reasonable
24 opportunity for review and comment by the DTSC, does not agree that the delay or
25 anticipated delay has been or will be caused by a force majeure event, EPA will
26
27
28

1 notify the affected Settling Defendant in writing of its decision. If EPA, after a
2 reasonable opportunity for review and comment by the DTSC, agrees that the
3 delay is attributable to a force majeure event, EPA will notify the affected Settling
4 Defendant in writing of the length of the extension, if any, for performance of the
5 obligations affected by the force majeure event.
6

7
8 63. If a Settling Defendant elects to invoke the dispute resolution
9 procedures set forth in Section XIX (Dispute Resolution), it shall do so no later
10 than fifteen (15) Days after receipt of EPA's notice. In any such proceeding, the
11 Settling Defendant shall have the burden of demonstrating by a preponderance of
12 the evidence that the delay or anticipated delay has been or will be caused by a
13 force majeure event, that the duration of the delay or the extension sought was or
14 will be warranted under the circumstances, that best efforts were exercised to
15 avoid and mitigate the effects of the delay, and that the Settling Defendant
16 complied with the requirements of Paragraphs 60 and 61, above. If the affected
17 Settling Defendant carries this burden, the delay at issue shall be deemed not to be
18 a violation by such Settling Defendant of the affected obligation of this Consent
19 Decree identified to EPA and the Court.
20
21
22

23 XIX. DISPUTE RESOLUTION

24
25 64. Unless otherwise expressly provided for in this Consent Decree, the
26 dispute resolution procedures of this Section shall be the exclusive mechanism to
27 resolve disputes between Settling Defendant(s) and the United States or DTSC
28

1 arising under or with respect to this Consent Decree. However, the procedures set
2 forth in this Section shall not apply to actions by the United States or DTSC to
3 enforce obligations of Settling Defendants that have not been disputed in
4 accordance with this Section. Procedures in this Section do not apply to disputes
5 among the Settling Defendants that do not involve the United States or DTSC.
6

7
8 65. Any dispute that arises under or with respect to this Consent Decree
9 shall in the first instance be the subject of informal negotiations between the
10 parties to the dispute. The period for informal negotiations shall not exceed
11 twenty (20) Days from the time the dispute arises, unless it is modified by written
12 agreement of the parties to the dispute. The dispute shall be considered to have
13 arisen when one party sends the other parties a written Notice of Dispute.
14

15
16 66. Statements of Position.

17 a. In the event that the parties cannot resolve a dispute by
18 informal negotiations under the preceding Paragraph, then the position advanced
19 by EPA shall be considered binding unless, within twenty-one (21) Days after the
20 conclusion of the informal negotiation period, the Settling Defendant involved in
21 the dispute invokes the formal dispute resolution procedures of this Section by
22 serving on the United States, with a copy to DTSC, a written Statement of Position
23 on the matter in dispute, including but not limited to any factual data, analysis, or
24 opinion supporting that position and any supporting documentation relied upon by
25 that Settling Defendant. The Statement of Position shall specify that Settling
26
27
28

1 Defendant's position as to whether formal dispute resolution should proceed under
2 Paragraph 67 or Paragraph 68.

3
4 b. Within twenty-one (21) Days after receipt of a Settling
5 Defendant's Statement of Position, EPA will serve on that Settling Defendant its
6 Statement of Position, including, but not limited to, any factual data, analysis, or
7 opinion supporting that position and all supporting documentation relied upon by
8 EPA with a copy to DTSC. EPA's Statement of Position shall include a statement
9 as to whether formal dispute resolution should proceed under Paragraph 67 or 68.

10
11 Within ten (10) Days after receipt of EPA's Statement of Position, the Settling
12 Defendant(s) involved in the dispute may submit a Reply. In the event of a
13 dispute between EPA and the Settling Defendant(s) under Paragraph 67, DTSC
14 shall have the option to submit a Statement of Position within ten (10) days of
15 receipt of EPA's Statement of Position, and DTSC's Statement of Position shall be
16 part of the administrative record.

17
18 c. If there is disagreement between the parties as to whether
19 dispute resolution should proceed under Paragraph 67 or 68, the procedures set
20 forth in the Paragraph determined by EPA to be applicable shall be followed.
21 However, if the Settling Defendant in the dispute ultimately appeals to the Court
22 to resolve the dispute, the Court shall determine which Paragraph is applicable in
23 accordance with the standards of applicability set forth in Paragraphs 67 and 68.

24
25 67. Formal dispute resolution for disputes pertaining to the selection or
26
27
28

1 adequacy of any response action and all other disputes that are accorded review on
2 the administrative record under applicable principles of administrative law shall be
3 conducted pursuant to the procedures set forth in this Paragraph. For purposes of
4 this Paragraph, the adequacy of any response action includes, without limitation:
5

6 (a) the adequacy or appropriateness of plans, procedures to implement plans, or
7 any other items requiring approval by EPA under this Consent Decree; and (b) the
8 adequacy of the performance of response actions taken pursuant to this Consent
9 Decree. Nothing in this Consent Decree shall be construed to allow any dispute
10 by Settling Defendants regarding the validity of the Interim ROD's or the ESD's
11 provisions.
12

13
14 a. An administrative record of the dispute shall be maintained by
15 EPA and shall contain all statements of position, including supporting
16 documentation, submitted pursuant to this Section. Where appropriate, EPA may
17 allow submission of supplemental statements of position by the parties to the
18 dispute.
19

20
21 b. The Director of the Superfund Division, EPA Region 9, will
22 issue a final administrative decision resolving the dispute based on the
23 administrative record described in Paragraph 67.a. This decision shall be binding
24 upon the Settling Defendant(s) that is/are party(ies) to the dispute, subject only to
25 the right to seek judicial review pursuant to Paragraph 67.c and d.
26

27
28 c. Any administrative decision made by EPA pursuant to

1 Paragraph 67.b. shall be reviewable by this Court, provided that a motion for
2 judicial review of the decision is filed by the Settling Defendant(s) in the dispute
3 with the Court and served on all parties to the dispute within ten (10) Days of
4 receipt of EPA's decision, with a copy to DTSC. The motion shall include a
5 description of the matter in dispute, the efforts made by the parties to resolve it,
6 the relief requested, and the schedule, if any, within which the dispute must be
7 resolved to ensure orderly implementation of this Consent Decree. The United
8 States may file a response to a Settling Defendant's motion.
9
10

11
12 d. In proceedings on any dispute governed by this Paragraph,
13 Settling Defendant(s) in the dispute shall have the burden of demonstrating that
14 the decision of the Superfund Division Director is arbitrary and capricious or
15 otherwise not in accordance with law. Judicial review of EPA's decision shall be
16 on the administrative record compiled pursuant to Paragraph 67.a.
17

18 68. Formal dispute resolution for disputes that neither pertain to the
19 selection or adequacy of any response action nor are otherwise accorded review on
20 the administrative record under applicable principles of administrative law, shall
21 be governed by this Paragraph.
22

23 a. Following receipt of a Settling Defendant's Statement of
24 Position submitted pursuant to Paragraph 66, the Director of the Superfund
25 Division, EPA Region 9, will issue a final decision resolving the dispute. The
26 Superfund Division Director's decision shall be binding unless, within ten (10)
27
28

1 Days of receipt of the decision, a Settling Defendant involved in the dispute files
2 with the Court and serves on the parties a motion for judicial review of the
3 decision, setting forth the matter in dispute, the efforts made by the parties to
4 resolve it, the relief requested, and the schedule, if any, within which the dispute
5 must be resolved to ensure orderly implementation of the Consent Decree. The
6 United States may file a response to a Settling Defendant's motion.
7
8

9 b. If Performing Settling Defendant contests payment of any
10 Future DTSC Response Costs, Performing Settling Defendant shall comply with
11 the procedures set forth in this Subparagraph. Prior to requesting formal dispute
12 resolution pursuant to this Subparagraph, Performing Settling Defendant shall
13 notify DTSC's assigned Project Manager and attempt to informally resolve the
14 dispute with DTSC's Project Manager and branch chief.
15
16

17 (i) If the dispute can not be resolved informally within
18 twenty (20) days, then Performing Settling Defendant shall provide a written
19 request for formal dispute resolution which shall describe all issues in dispute and
20 shall set forth the reasons for the dispute, both factual and legal. The written
21 request for formal dispute resolution and any supporting documentation shall be
22 sent to:
23
24

25 Special Assistant for Cost Recovery and Reimbursement Policy
26 Department of Toxic Substances Control
27 P.O. Box 806
28 Sacramento, California 95812-0806

1 Copies of the written request for formal dispute resolution and any supporting
2 documentation shall also be sent to those persons designated by DTSC to receive
3 notices and submissions in Section XXVI of this Consent Decree. A decision on
4 the billing dispute will be rendered by the Special Assistant for Cost Recovery and
5 Reimbursement Policy or other DTSC designee.
6

7
8 (ii) The decision by the Special Assistant for Cost Recovery
9 and Reimbursement Policy shall be binding on the Performing Settling Defendant
10 unless, within fifteen (15) Days of the receipt of the decision, the Performing
11 Settling Defendant files with the Court and serves on DTSC a motion for judicial
12 review of the decision setting forth the matter in dispute, the efforts made by the
13 Parties to resolve it, the relief requested, and the schedule, if any, within which the
14 dispute must be resolved to ensure orderly implementation of the Consent Decree.
15 DTSC may file a response within thirty (30) days of such motion.
16
17

18 c. Notwithstanding Paragraph R of Section I (Background) of this
19 Consent Decree, judicial review of any dispute governed by this Paragraph shall
20 be governed by applicable principles of law.
21

22 69. The invocation of formal dispute resolution procedures under this
23 Section shall not extend, postpone, or affect in any way any obligation of Settling
24 Defendants under this Consent Decree, not directly in dispute, unless EPA, or
25 DTSC as applicable, or the Court agrees otherwise. Stipulated Penalties with
26 respect to the disputed matter shall continue to accrue but payment shall be stayed
27
28

1 pending resolution of the dispute as provided in Paragraph 78. Notwithstanding
2 the stay of payment, Stipulated Penalties shall accrue from the first (1st) Day of
3 noncompliance with any applicable provision of this Consent Decree. In the event
4 that the Settling Defendant(s) in the dispute do not prevail on the disputed issue,
5 Stipulated Penalties shall be assessed and paid as provided in Section XX
6 (Stipulated Penalties).
7

8 XX. STIPULATED PENALTIES

11
12 73. In the event that EPA assumes performance of a portion or all of the
13 Work pursuant to Paragraph 89 of Section XXI (Covenants Not to Sue by
14 Plaintiffs), Performing Settling Defendant shall be liable for a stipulated penalty in
15 the amount of one million five hundred thousand dollars (\$1.5 million). In the
16 event that EPA assumes performance of a portion or all of the Work pursuant to
17 Paragraph 89 of Section XXI (Covenants Not to Sue by Plaintiffs), and Performing
18 Settling Defendant pays in full the penalty set forth in this Paragraph, Performing
19 Settling Defendant shall not be liable for additional stipulated penalties for failure
20 to perform or complete the Work that EPA assumes.
21
22

23 74. All penalties shall begin to accrue on the Day after the complete
24 performance is due or the Day a violation occurs, and shall continue to accrue
25 through the final Day of the correction of the noncompliance or completion of the
26 activity. However, Stipulated Penalties shall not accrue: (a) with respect to a

14 accrual of separate penalties for separate violations of this Consent Decree.
15
16
17
18
19

20 75. Following a determination by EPA or DTSC that a Settling
21 Defendant has failed to comply with a requirement of this Consent Decree, EPA or
22 DTSC may give written notification of the same and describe the noncompliance.
23 EPA or DTSC may send a Settling Defendant a written demand for the payment of
24 the penalties. However, penalties shall accrue as provided in the preceding
25 Paragraph regardless of whether EPA or DTSC has provided notice of a violation.
26
27

28 76. All penalties accruing under this Section shall be due and payable

16 the EPA Region and Site/Spill ID # 098V, the DOJ Case Number 90-11-2-354/16,

24
25

26 77. Except in the event of EPA's assumption of performance of a portion
27 or all of the Work pursuant to Paragraph 89 of Section XXI (Covenants Not to Sue
28

1 by Plaintiffs) and the associated payment of penalties pursuant to Paragraph 73,
2 the payment of penalties shall not alter in any way Performing Settling
3 Defendant's obligation to complete the performance of the Work required under
4 this Consent Decree.
5

6 78. Stipulated Penalties shall continue to accrue as provided in Paragraph
7
8 74 during any dispute resolution period, but need not be paid until the following:

10 or DTSC that is not appealed to this Court, accrued penalties determined to be
11 owing shall be paid within fifteen (15) Days of the agreement or the receipt of
12 EPA's or DTSC's decision or order;
13

14 b. If the dispute is appealed to this Court and the United States or
15 DTSC prevails in whole or in part, the affected Settling Defendant shall pay all
16 accrued penalties determined by the Court to be owed to EPA or DTSC within
17 sixty (60) Days of receipt of the Court's decision or order, except as provided in
18 Subparagraph c below;
19
20

21 c. If the District Court's decision is appealed by any Party, the
22 affected Settling Defendant shall pay all accrued penalties determined by the
23 District Court to be owing to the United States or DTSC into an interest-bearing
24 escrow account within sixty (60) Days of receipt of the Court's decision or order.
25 Penalties shall be paid into this account as they continue to accrue, at least every
26 sixty (60) Days. Within fifteen (15) Days of receipt of the final appellate court
27
28

1 decision, the escrow agent shall pay the balance of the account to EPA or DTSC or
2 to the affected Settling Defendant in accordance with the Court's mandate.

3
4 79. If Settling Defendants fail to pay Stipulated Penalties when due, the
5 United States or DTSC may institute proceedings to collect the penalties, as well
6 as Interest. Interest shall be paid on the unpaid balance, which shall begin to
7 accrue on the date of demand made pursuant to Paragraph 76.
8

9 80. Nothing in this Consent Decree shall be construed as prohibiting,
10 altering, or in any way limiting the ability of the United States or DTSC to seek
11 any other remedies or sanctions available by virtue of a Settling Defendant's
12 violation of this Consent Decree or of the statutes and regulations upon which it is
13 based, including but not limited to penalties pursuant to Section 122(l) of
14 CERCLA, 42 U.S.C. § 9622(l); provided, however, that the United States or
15 DTSC shall not seek civil penalties pursuant to Section 122(l) of CERCLA for any
16 violation for which a stipulated penalty is provided herein, except in the case of a
17 willful violation of the Consent Decree.
18
19
20

21 81. Notwithstanding any other provision of this Section, the United States
22 or DSTC may, in their unreviewable discretion, waive any portion of Stipulated
23 Penalties that have accrued pursuant to this Consent Decree.
24

25 XXI. COVENANTS NOT TO SUE BY PLAINTIFFS

26 82. United States' Covenant Not To Sue. In consideration of the actions
27 that will be performed and the payments that have been and will be made by
28

1 Settling Defendants under the terms of this Consent Decree, and except as
2 specifically provided in Paragraphs 84 and 88 of this Section, the United States
3
4 covenants not to sue or to take administrative action against Settling Defendants
5 pursuant to Sections 106 and 107(a) of CERCLA, 42 U.S.C. §§ 9606, 9607(a), and
6 Section 7003 of RCRA, 42 U.S.C. § 6973, for claims relating to the Interim ROD
7
8 for the Site, as modified by the ESD, and for recovery of Past Response Costs,
9 Future Response Costs, and UAO Oversight Costs. Except with respect to future
10 liability, these covenants not to sue shall take effect upon the receipt by EPA of
11 the payments required by Paragraph 53 of Section XVI (Payments for Response
12 Costs). With respect to future liability, these covenants not to sue shall take effect
13 upon Certification of Completion of Remedial Action by EPA pursuant to
14 Paragraph 50.b of Section XIV (Certification of Completion). These covenants
15 not to sue are conditioned upon the satisfactory performance by Performing
16 Settling Defendant and Contributing Settling Defendants of their respective
17 obligations under this Consent Decree. These covenants not to sue extend only to
18 Settling Defendants and do not extend to any other person.

22 83. Covenant Not to Sue by DTSC. Except as specifically provided in
23 Paragraphs 86 and 88 (General Reservations of Rights) of this Section, DTSC
24 covenants not to sue or to take administrative action against Settling Defendants
25 pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), and Cal. Health &
26 Safety Code Sections 25323.5, 25355.5, 25358.3, and 25360 for claims relating to
27
28

1 the Interim ROD for the Site, as modified by the ESD, and for recovery of Past
2 DTSC Response Costs and Future DTSC Response Costs. With respect to
3
4 Contributing Settling Defendants, this covenant not to sue shall take effect upon
5 the payment of Past DTSC Response Costs by Performing Settling Defendant
6 pursuant to Paragraph 53.f. With respect to Performing Settling Defendant, this
7
8 covenant not to sue shall take effect upon payment to DTSC of all payments
9 required from Performing Settling Defendant by Paragraph 53.f (Payment of Past
10 DTSC Response Costs), 54.e (Payment of Future DTSC Response Costs) and any
11
12 Interest or Stipulated Penalties owed under this Consent Decree. Each Settling
13 Defendant's covenant not to sue is conditioned upon the satisfactory performance
14 by that Settling Defendant of its obligations under this Consent Decree. This
15
16 covenant not to sue extends only to Settling Defendants and does not extend to
17 any other person.

18 84. United States' Pre-certification Reservations. Notwithstanding any
19
20 other provision of this Consent Decree, the United States reserves, and this
21 Consent Decree is without prejudice to, the right to institute proceedings in this
22 action or in a new action, or to issue an administrative order seeking to compel
23 Performing Settling Defendant:

- 25 a. to perform further response actions relating to the intermediate
26 zone remedy at the Site; or
27
28 b. to reimburse the United States for additional costs of response

1 for the intermediate zone remedy at the Site, if, prior to Certification of
2 Completion of the Remedial Action:

3
4 (1) conditions at the Site, previously unknown to EPA, are
5 discovered, or

6 (2) information, previously unknown to EPA, is received, in
7 whole or in part,

8
9 and EPA determines that these previously unknown conditions or information,
10 together with any other relevant information, indicate that the Remedial Action is
11 not protective of human health or the environment. If EPA makes such a
12 determination, DTSC reserves, and this Consent Decree is without prejudice to,
13 the right to institute proceedings in this action or in a new action, or to issue an
14 administrative order seeking to compel Performing Settling Defendant to
15 reimburse DTSC for additional costs of response.
16

17
18 85. For purposes of Paragraph 84, the information and the conditions
19 known to EPA shall include only that information known to EPA as of the date
20 this Consent Decree is lodged with the Court, and those conditions which are set
21 forth in the Interim ROD, as modified by the ESD, and the administrative record
22 supporting the Interim ROD and the ESD.
23

24
25 86. DTSC's Pre-certification Reservations. Notwithstanding any other
26 provision of this Consent Decree, subject to federal preemption law, DTSC
27 reserves, and this Consent Decree is without prejudice to, any rights that DTSC
28

1 may have under applicable law to institute proceedings in this action or in a new
2 action, or to issue an administrative order seeking to compel Performing Settling
3 Defendant:
4

5 a. to perform further response actions not inconsistent with the
6 NCP relating to the Site, or
7

8 b. to reimburse DTSC for additional costs of response if, prior to
9 Certification of Completion of the Remedial Action

10 (1) conditions at the Site, previously unknown to DTSC, are
11 discovered, or
12

13 (2) information previously unknown to DTSC, is received,
14 in whole or in part,
15 and DTSC determines that these previously unknown conditions or information,
16 together with any other relevant information, indicate that further response actions
17 are necessary to protect human health or the environment.
18

19
20 87. a. For purposes of Paragraph 86, the information and the
21 conditions known to DTSC shall include only that information known to DTSC as
22 of the date this Consent Decree is lodged with the Court, and those conditions
23 which are set forth in the Interim ROD, as modified by the ESD, and the
24 administrative record supporting the Interim ROD and the ESD.
25

26 b. This Consent Decree does not waive any rights or authority
27 EPA may have with respect to the Site, including, but not limited to, EPA's right to
28

1 claim that DTSC actions taken pursuant to this Consent Decree are in conflict with
2 CERCLA or other federal law, or would interfere with the remedy selected by
3 EPA, would stand as an obstacle to the purpose or objectives of CERCLA, or are
4 otherwise preempted by law.
5

6 88. General reservations of rights. The United States and DTSC reserve,
7 and this Consent Decree is without prejudice to, all rights against Settling
8 Defendants with respect to all matters not expressly included within Plaintiffs'
9 covenant not to sue. Notwithstanding any other provision of this Consent Decree,
10 the United States and DTSC reserve all rights against Settling Defendants with
11 respect to:
12

13 a. as to Performing Settling Defendant only, claims based on a
14 failure by Performing Settling Defendant to meet a requirement applicable to it
15 under this Consent Decree;
16

17 b. liability arising from the past, present, or future disposal,
18 release, or threat of release of Waste Material outside of the Site;
19

20 c. liability based upon Settling Defendants' transportation,
21 treatment, storage, or disposal, or the arrangement for the transportation,
22 treatment, storage, or disposal of Waste Material at or in connection with the Site,
23 other than as provided in the Interim ROD as modified by the ESD, the Work, or
24 otherwise ordered by EPA, after signature of this Consent Decree by Settling
25 Defendants;
26
27
28

- 1 d. liability for damages for injury to, destruction of, or loss of
2 natural resources, and for the costs of any natural resource damage assessments;
3
- 4 e. criminal liability;
- 5 f. liability for violations of federal or state law which occur
6 during or after implementation of the Remedial Action;
7
- 8 g. as to Performing Settling Defendant only, liability, prior to
9 Certification of Completion of the Remedial Action, for additional response
10 actions that EPA determines are necessary to achieve the Performance Criteria, but
11 that cannot be required pursuant to Paragraph 13 (Modification of the SOW or
12 Related Work Plans);
13
- 14 h. liability for any other operable units of the San Gabriel Valley
15 Superfund Site;
16
- 17 i. liability for any response actions or response costs at the Site
18 that occur after the later of: (i) the date eight (8) years from the Operational and
19 Functional Date, or (ii) the date of issuance of a final Record of Decision for the
20 Site; and
21
- 22 j. as to Performing Settling Defendant only, liability for
23 implementation of the shallow zone remedy South of Puente Creek, which remedy
24 is currently being implemented by Performing Settling Defendant pursuant to the
25 Board Order.
26

27
28 89. Work Takeover. In the event EPA determines that Performing

1 Settling Defendant has ceased implementation of any portion of the Work, is
2 seriously or repeatedly deficient or late in its performance of the Work, or is
3 implementing the Work in a manner that may cause an endangerment to human
4 health or the environment, EPA may assume the performance of all or any portions
5 of the Work as EPA determines necessary. Performing Settling Defendant may
6 invoke the procedures set forth in Section XIX (Dispute Resolution), Paragraph
7 67, to dispute EPA's determination that takeover of the Work is warranted under
8 this Paragraph. Costs incurred by the United States in performing the Work
9 pursuant to this Paragraph during the period eight (8) years from the Operational
10 and Functional Date, shall be considered Future Response Costs that Performing
11 Settling Defendant shall pay pursuant to Section XVI (Payments for Response
12 Costs).

13
14
15
16
17 90. Notwithstanding any other provision of this Consent Decree, the
18 United States and DTSC retain all authority and reserve all rights to take any and
19 all response actions authorized by law.
20

21 XXII. COVENANTS BY SETTLING DEFENDANTS

22 91. Covenant Not to Sue. Subject to the reservations in Paragraph 92,
23 Settling Defendants hereby covenant not to sue and agree not to assert any claims
24 or causes of action against the United States or DTSC relating to the Interim ROD,
25 as modified by the ESD, past response actions, Past Response Costs, Future
26 Response Costs, Past DTSC Response Costs, Future DTSC Response Costs, or
27
28

1 this Consent Decree, including, but not limited to:

2 a. any direct or indirect claim for reimbursement from the
3
4 Hazardous Substance Superfund (established pursuant to the Internal Revenue
5 Code, 26 U.S.C. § 9507) through CERCLA Sections 106(b)(2), 107, 111, 112,
6 113, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, 9613, or any other provision of
7 law;
8

9 b. any claims against the United States or DTSC, including any
10 department, agency or instrumentality of the United States under CERCLA
11 Sections 107 or 113 related to the Site;
12

13 c. any claims arising out of response actions at or in connection
14 with the Site, including any claim under the United States Constitution; the
15 California Constitution; the Tucker Act, 28 U.S.C. § 1491; the Equal Access to
16 Justice Act, 28 U.S.C. § 2412, as amended; or at common law; or
17

18 d. any direct or indirect claim for disbursement from the Puente
19 Valley Operable Unit Special Account.
20

21 Except as provided in Paragraph 100 (Waiver of Claim-Splitting Defenses),
22 these covenants not to sue shall not apply in the event that the United States or
23 DTSC bring a cause of action or issues an order pursuant to the reservations set
24 forth in Paragraphs 84, 86, 88(b) - (d) or 88 (g) - (i) but only to the extent that
25 Settling Defendants' claims arise from the same response action, response costs, or
26 damages that the United States or DTSC is seeking pursuant to the applicable
27
28

1 reservation.

2 92. Settling Defendants reserve, and this Consent Decree is without
3
4 prejudice to, claims against the United States, subject to the provisions of Chapter
5 171 of Title 28 of the United States Code, for money damages for injury or loss of
6 property or personal injury or death caused by the negligent or wrongful act or
7 omission of any employee of the United States while acting within the scope of his
8 office or employment under circumstances where the United States, if a private
9 person, would be liable to the claimant in accordance with the law of the place
10 where the act or omission occurred. However, any such claim shall not include a
11 claim for any damages caused, in whole or in part, by the act or omission of any
12 person, including any contractor, who is not a federal employee as that term is
13 defined in 28 U.S.C. § 2671; nor shall any such claim include a claim based on
14 EPA's selection of response actions, or the oversight or approval of the Settling
15 Defendants' plans or activities. The foregoing applies only to claims which are
16 brought pursuant to any statute other than CERCLA and for which the waiver of
17 sovereign immunity is found in a statute other than CERCLA. The covenant in
18 Paragraph 91 shall not extend to any claims relating to any response actions at the
19 Site that occur after the later of: (i) the date eight (8) years from the Operational
20 and Functional Date; or (ii) the date of issuance of a final Record of Decision for
21 the Site.

22
23
24
25
26
27
28 93. Nothing in this Consent Decree shall be deemed to constitute

1 preauthorization of a claim within the meaning of Section 111 of CERCLA, 42
2 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

3
4 94. Treatment of Costs Incurred In Implementing Consent Decree For
5 Purposes Of Government Contract Costing Or Pricing. Nothing in this Consent
6 Decree shall be construed as a waiver by the Performing Settling Defendant of any
7 right it may have to include costs incurred in implementation of this Consent
8 Decree or any other work at or in connection with the Site in its proposal of
9 allowable costs for purposes of costing or pricing pursuant to contracts with the
10 United States. Nothing in this Consent Decree shall be construed to create or
11 recognize any such right. The incurrence or payment of any costs by the
12 Performing Settling Defendant pursuant to this Consent Decree, or inclusion of
13 such costs in the Performing Settling Defendant's proposal for purposes of costing
14 or pricing of contracts with the United States, does not, in and of itself, render
15 such costs allocable or allowable for Government contracting purposes. For
16 Government contracting purposes, the costs incurred in implementing this Consent
17 Decree remain subject to applicable provisions of: (a) the Federal Acquisition
18 Regulation ("FAR") and Cost Accounting Standards ("CAS"); (b) agency
19 implementing regulations of FAR; (c) the contract(s) between the Performing
20 Settling Defendant and the United States pursuant to which such costing or pricing
21 proposals are submitted; and (d) any determination by the cognizant Contracting
22 Officer concerning allocability and allowability of such costs, subject to any right
23
24
25
26
27
28

1 of appeal Performing Settling Defendant may have under the applicable
2 contract(s) or the FAR.

3
4 95. Treatment of Penalties For Purposes Of Government Contract
5 Costing Or Pricing. Notwithstanding any other provision of this Consent Decree,
6 Northrop Grumman agrees that it will not claim or include as allowable costs for
7 purposes of costing or pricing pursuant to contracts with the United States any
8 amounts it may pay as Stipulated Penalties pursuant to Paragraphs 71-73 of this
9 Consent Decree, and that any Stipulated Penalties imposed under this Consent
10 Decree shall be treated as unallowable costs.
11
12

13 XXIII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

14 96. Nothing in this Consent Decree shall be construed to create any rights
15 in, or grant any cause of action to, any person not a Party to this Consent Decree.
16 The preceding sentence shall not be construed to waive or nullify any rights that
17 any person not a signatory to this Decree may have under applicable law. Each of
18 the Parties expressly reserves any and all rights (including, but not limited to, any
19 right to contribution), defenses, claims, demands, and causes of action that each
20 Party may have with respect to any matter, transaction, or occurrence relating in
21 any way to the Site against any person not a Party hereto.
22
23
24

25 97. Scope of Contribution Protection

26 The Parties agree, and by entering this Consent Decree this Court finds that
27 Settling Defendants are entitled, as of the Effective Date, to protection from
28

1 contribution actions or claims as provided by CERCLA Section 113(f)(2), 42
2 U.S.C. § 9613(f)(2), for matters addressed in this Consent Decree. The "matters
3 addressed" in this Consent Decree with respect to the Settling Defendants are Past
4 Response Costs; Future Response Costs; all Work required by this Consent Decree
5 and the SOW; Past DTSC Response Costs, Future DTSC Response Costs, and all
6 other costs incurred by any person related to the Interim ROD, as modified by the
7 ESD; provided, however, and notwithstanding the preceding, Contributing
8 Settling Defendants shall not be entitled to protection from contribution actions or
9 claims asserted by Performing Settling Defendant for additional Work or Future
10 Response Costs related to response actions necessary for the work under the ESD.
11 And provided further, that if Performing Settling Defendant asserts any claims
12 against Contributing Settling Defendants for recovery or contribution of such
13 costs, neither Performing Settling Defendant nor Contributing Settling Defendants
14 shall be entitled to protection from contribution actions or claims asserted by any
15 Contributing Settling Defendant for additional Work or Future Response Costs
16 related to response actions necessary for the Work under the ESD. Nothing in this
17 Consent Decree is intended or shall be construed to alter or amend any rights or
18 obligations arising out of any agreements previously entered into between
19 Performing Settling Defendant and a Contributing Settling Defendant.

20
21
22
23
24
25
26 98. Settling Defendants agree that with respect to any suit or claim for
27 contribution brought by them for matters related to this Consent Decree they will
28

1 notify the United States and DTSC in writing no later than sixty (60) Days prior to
2 the initiation of such suit or claim.
3

4 99. Settling Defendants also agree that with respect to any suit or claim
5 for contribution brought against them for matters related to this Consent Decree
6 they will notify in writing the United States and DTSC within ten (10) Days of
7 service of the complaint on them. In addition, Settling Defendants shall notify the
8 United States and DTSC within ten (10) Days of service or receipt of any Motion
9 for Summary Judgment and within ten (10) Days of receipt of any order from a
10 court setting a case for trial.
11
12

13 100. In any subsequent administrative or judicial proceeding initiated by
14 any Party for injunctive relief, recovery of response costs, or other appropriate
15 relief relating to the Site, the Parties shall not assert, and may not maintain, any
16 defense or claim based upon the principles of waiver, res judicata, collateral
17 estoppel, issue preclusion, claim-splitting, or other defenses based upon any
18 contention that the claims raised in the subsequent proceeding were or should have
19 been brought in the instant case; provided, however, that nothing in this Paragraph
20 affects the enforceability of the covenants not to sue set forth in Section XXI
21 (Covenants Not to Sue by Plaintiffs) or in Section XXII (Covenants by Settling
22 Defendants).
23
24
25

26 XXIV. ACCESS TO INFORMATION

27

28 101. Each Settling Defendant shall provide to EPA and DTSC, upon

1 request, copies of all documents and information within such Settling Defendant's
2 possession or control or that of its contractors or agents relating to activities at the
3 Site or to the implementation of this Consent Decree, including, but not limited to,
4 sampling, analysis, chain of custody records, manifests, trucking logs, receipts,
5 reports, sample traffic routing, correspondence, or other documents or information
6 related to the Work. Performing Settling Defendant shall also make available to
7 EPA and DTSC, for purposes of investigation, information gathering, or
8 testimony, their employees, agents, or representatives with knowledge of relevant
9 facts concerning the performance of the Work.

13 102. Business Confidential and Privileged Documents.

14 a. A Settling Defendant may assert business confidentiality claims
15 covering part or all of the documents or information submitted to Plaintiffs under
16 this Consent Decree to the extent permitted by and in accordance with Section
17 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and 40 C.F.R. § 2.203(b).
18 Documents or information determined to be confidential by EPA will be afforded
19 the protection specified in 40 C.F.R. Part 2, Subpart B. If no claim of
20 confidentiality accompanies documents or information when they are submitted to
21 EPA and DTSC, or if EPA has notified a Settling Defendant that the documents or
22 information are not confidential under the standards of Section 104(e)(7) of
23 CERCLA or 40 C.F.R. Part 2, Subpart B, the public may be given access to such
24 documents or information without further notice to such Settling Defendant.
25
26
27
28

1 b. A Settling Defendant may assert that certain documents,
2 records and other information are privileged under the attorney-client privilege or
3 any other privilege recognized by federal or California law. If a Settling
4 Defendant asserts such a privilege in lieu of providing documents, it shall provide
5 the Plaintiffs with the following: (i) the title of the document, record, or
6 information; (ii) the date of the document, record, or information; (iii) the name
7 and title of the author of the document, record, or information; (iv) the name and
8 title of each addressee and recipient; (v) a description of the contents of the
9 document, record, or information; and (vi) the privilege asserted. However, no
10 documents, reports or other information created or generated pursuant to the
11 requirements of the Consent Decree shall be withheld on the grounds that they are
12 privileged.

13 103. No claim of confidentiality shall be made with respect to any data,
14 including but not limited to all sampling, analytical, monitoring, hydrogeologic,
15 scientific, chemical, or engineering data, or any other documents or information
16 evidencing conditions at or around the Site.

22 XXV. RETENTION OF RECORDS

23 104. Until sixteen (16) years from the Effective Date of this Consent
24 Decree, each Settling Defendant shall preserve and retain all non-identical copies
25 of records and documents (including records or documents in electronic form)
26 now in its possession or control or which come into its possession or control that
27
28

1 relate to its liability under CERCLA with respect to the Site, provided, however,
2 that Settling Defendants who are potentially liable as owners or operators of the
3 Site must retain, in addition, all documents and records now in its possession or
4 control which relate to the liability of any other person under CERCLA with
5 respect to the Site. Performing Settling Defendant must also retain, and instruct its
6 contractors and agents to preserve, for the same period of time specified above, all
7 non-identical copies of the last draft or final version of any documents or records
8 (including documents or records in electronic form) now in its possession or
9 control or which come into its possession or control that relate in any manner to
10 the performance of the Work, provided, however, that Performing Settling
11 Defendant (and its contractors and agents) must retain, in addition, copies of all
12 data generated during the performance of the Work and not contained in the
13 aforementioned documents required to be retained. Each of the above record
14 retention requirements shall apply regardless of any corporate retention policy to
15 the contrary.

21 105. At the conclusion of this document retention period, each Settling
22 Defendant shall notify the United States and DTSC at least ninety (90) Days prior
23 to the destruction of any such records or documents, and, upon request by the
24 United States or DTSC, the Settling Defendant shall deliver any such records or
25 documents to EPA and/or DTSC. Settling Defendants may assert that certain
26 documents, records and other information are privileged under the attorney-client
27
28

1 privilege or any other privilege recognized by federal law. If a Settling Defendant
2 asserts such a privilege, it shall provide EPA and DTSC with the following: (a)
3 the title of the document, record, or information; (b) the date of the document,
4 record, or information; (c) the name and title of the author of the document,
5 record, or information; (d) the name and title of each addressee and recipient; (e) a
6 description of the subject of the document, record, or information; and (f) the
7 privilege asserted by the Settling Defendant. However, no documents, reports or
8 other information created or generated pursuant to the requirements of the Consent
9 Decree shall be withheld on the grounds that they are privileged.

10
11
12
13 106. Each Settling Defendant hereby certifies individually that, to the best
14 of its knowledge and belief, after thorough inquiry, it has not since notification of
15 potential liability by the United States or DTSC or the filing of suit against it
16 regarding the Site, altered, mutilated, discarded, destroyed or otherwise disposed
17 of any records, documents, or other information (other than identical copies)
18 relating to its potential liability regarding the Site, except as such documents were
19 destroyed or altered in the ordinary course of said Settling Defendant's business
20 and in compliance with State and federal law, and certifies no such records have
21 been destroyed for an improper purpose. Each Settling Defendant further certifies
22 that it has fully complied with any and all EPA requests for information pursuant
23 to Section 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e), 9622(e), and
24 Section 3007 of RCRA, 42 U.S.C. § 6927.
25
26
27
28

1 XXVI. NOTICES AND SUBMISSIONS

2 107. Whenever under the terms of this Consent Decree written notice is
3 required to be given or a report or other document is required to be sent by one
4 Party to another, it shall be directed to the individuals at the addresses specified
5 below, unless those individuals or their successors give notice of a change to the
6 other Parties in writing. All notices and submissions shall be considered effective
7 upon receipt, unless otherwise provided. Written notice as specified herein shall
8 constitute complete satisfaction of any written notice requirement of the Consent
9 Decree with respect to the United States, EPA, DTSC, and the Settling
10 Defendants, respectively.

7 the Parties to apply to the Court at any time for such further order, direction, and
8 relief as may be necessary or appropriate for the construction or modification of
9 this Consent Decree, or to effectuate or enforce compliance with its terms, or to

7 As requested by EPA, Performing Settling Defendant shall participate in the
8 preparation of such information for dissemination to the public and in public

11
12

13 XXXI. MODIFICATION

14 112. Schedules specified in this Consent Decree for completion of the
15 Work may be modified by agreement of EPA and Performing Settling Defendant.
16 All such modifications shall be made in writing.
17

18 113. Except as provided in Paragraph 13 (Modification of the SOW or
19 Related Work Plans), no material modifications shall be made to the SOW without
20 written notification to and written approval of the United States, Performing
21 Settling Defendant, and the Court, if such modifications fundamentally alter the
22 basic features of the selected remedy within the meaning of 40 C.F.R. §
23 300.435(c)(2)(B)(ii). Prior to providing its approval to any modification, the
24 United States will provide DTSC with a reasonable opportunity to review and

2 fundamentally alter the basic features of the selected remedy within the meaning
3 of 40 C.F.R. § 300.435(c)(2)(B)(ii), may be made by written agreement between
4 EPA, after providing DTSC with a reasonable opportunity to review and comment
5 on the proposed modification, and Performing Settling Defendant.
6

7
8 114. Nothing in this Consent Decree shall be deemed to alter the Court's
9 power to enforce, supervise or approve modifications to this Consent Decree.
10

11 XXXII. LODGING, OPPORTUNITY FOR PUBLIC COMMENT

12 115. This Consent Decree shall be lodged with the Court for a period of
13 not less than thirty (30) Days for public notice and comment in accordance with
14 Section 122(d)(2) of CERCLA, 42 U.S.C. § 9622(d)(2), and 28 C.F.R. § 50.7. The
15 United States reserves the right to withdraw or withhold its consent if the
16 comments regarding the Consent Decree disclose facts or considerations which
17 indicate that the Consent Decree is inappropriate, improper, or inadequate.
18 Settling Defendants consent to the entry of this Consent Decree without further
19 notice.
20
21

22 116. If for any reason the Court should decline to approve this Consent
23 Decree in the form presented, this agreement is voidable at the sole discretion of
24 any Party and the terms of the agreement may not be used as evidence in any
25 litigation between the Parties.
26
27
28

1 XXXIII. SIGNATORIES/SERVICE

2 117. Each undersigned representative of a Settling Defendant to this
3 Consent Decree, the undersigned representative of DTSC and the California
4 Deputy Attorney General representing DTSC, and the Assistant Attorney General
5 for the Environment and Natural Resources Division of the Department of Justice
6 certifies that they are fully authorized to enter into the terms and conditions of this
7 Consent Decree and to execute and legally bind the Party they represent to this
8 document.
9

10
11 118. Each Settling Defendant hereby agrees not to oppose entry of this
12 Consent Decree by this Court or to challenge any provision of this Consent Decree
13 unless the United States has notified Settling Defendants in writing that it no
14 longer supports entry of the Consent Decree.
15
16

17 119. Each Settling Defendant shall identify, on the attached signature
18 page, the name, title, address and telephone number of an agent who is authorized
19 to accept service of process by mail on its behalf with respect to all matters arising
20 under or relating to this Consent Decree. If no agent is specified, the attorneys for
21 Settling Defendants listed at the beginning of this document shall be deemed to be
22 the agent authorized to accept service at the address listed. Settling Defendants
23 hereby agree to accept service in that manner and to waive the formal service
24 requirements set forth in Rule 4 of the Federal Rules of Civil Procedure and any
25 applicable local rules of this Court, including but not limited to service of a
26
27
28

1 summons. The Parties agree that Settling Defendants need not file an answer to
2 the complaint in this action unless or until the court expressly declines to enter this
3 Consent Decree.
4

5 XXXIV. REVOCATION OF UAO

6 120. On or about March 21, 2002, EPA issued UAO Docket No. 2002-06
7 to Performing Settling Defendant's corporate predecessor, TRW, Inc. UAO
8 Docket No. 2002-06 presently requires Performing Settling Defendant, among
9 other things, to perform the interim remedial design and remedial action for the
10 intermediate groundwater zone at the Site pursuant to the Interim ROD. EPA shall
11 revoke UAO Docket No. 2002-06 within two weeks after entry of this Consent
12 Decree. However, if the Court declines to enter the Consent Decree, or the United
13 States withdraws or withholds its consent to the Consent Decree because
14 comments received disclose facts or considerations which indicate that the
15 Consent Decree is inappropriate, improper, or inadequate, then EPA reserves all of
16 its rights against Performing Settling Defendant, and UAO Docket No. 2002-06
17 shall remain in effect.
18
19
20
21

22 XXXV. FINAL JUDGMENT

23 121. This Consent Decree and its appendices constitute the final, complete,
24 and exclusive agreement and understanding between the Plaintiffs and the Settling
25 Defendants with respect to the settlement embodied in the Consent Decree. The
26 Plaintiffs and Settling Defendants acknowledge that there are no representations,
27
28

1 agreements or understandings between the Plaintiffs and Settling Defendants
2 relating to the settlement other than those expressly contained in this Consent
3 Decree. As noted above, nothing in this Consent Decree is intended or shall be
4 construed to alter or amend any rights or obligations arising out of any agreements
5 previously entered into between Performing Settling Defendant and a Contributing
6 Settling Defendant.
7
8

9 122. Upon approval and entry of this Consent Decree by the Court, this
10 Consent Decree shall constitute a final judgment between the United States, DTSC
11 and Settling Defendants. The Court finds that there is no just reason for delay and
12 therefore enters this judgment as a final judgment under Fed. R. Civ. P. 54 and 58.
